

Artisans Parade Teams With Wellness House

March 17, 2009 -- The Wellness House is a non-profit organization committed to helping cancer patients and their loved ones through the treatment phase of their illness. Their goal is to provide a clubhouse in Annapolis, Md., where cancer patients and their families can meet, relax, gather information and recover from their illness. Fundraising efforts are ongoing, and additional details are at www.annapoliswellnesshouse.org.

The Artisans Parade is dedicating its time and talent to help accelerate this important project. Working in their own medium, each artist designed a series of custom pieces and will donate the proceeds from their sale to Wellness House.

If you would like to contribute to this effort by purchasing one or more Wellness House signature pieces, please go to the Artisans Parade website, www.artisansparade.com or the Wellness house web site, www.annapoliswellnesshouse.com for more information.

Artisans Parade

Eight levels of form, design and pizzazz; these artists bring you a broad ranging approach to style, personality, and medium. Their quality is superb, their events are festive as you see, feel, smell and shop for unique gifts such as; painted glass, soy wax candles, pottery, fine art, painted wood, fused glass, photography, hand bags, natural based soaps/lotions, apparel, jewelry, and more.

Find out more about the seasoned artisans at www.artisansparade.com or at each of their own web sites:
